IN THE CLAIMS

The following listing of claims will replace all prior versions and listings of claims in the application.

Listing of Claims

- 1. (canceled)
- 2. (currently amended) A seat assembly for a motor vehicle having a tub disposed at
 least partially in a floor of the vehicle, the seat assembly comprising:
- a seat cushion translatable on at least one track to a position generally above the

 tub, the seat cushion being stowable in the tub The seat assembly of claim 1 wherein the at least

 one track is disposed generally laterally in the vehicle.
- 1 3. (currently amended) A seat assembly for a motor vehicle having a tub disposed at
 2 least partially in a floor of the vehicle, the seat assembly comprising:
- a seat cushion translatable on at least one track to a position generally above the

 tub, the seat cushion being stowable in the tub The seat assembly of claim 1 wherein the seat

 cushion has an underside, and the underside presents a load floor when the seat cushion is

 stowed in the tub.
- 4. (original) The seat assembly of claim 3 wherein the load floor is generally even with the floor of the vehicle.

1 5. (currently amended) The seat assembly of claim 42 wherein the seat cushion is 2 rotatable about an axis generally perpendicular to the at least one track. 1 б. (currently amended) The seat assembly of claim 12 further comprising at least 2 one leg extending between the seat cushion and the at least one track. 1 7. (original) The seat assembly of claim 6 wherein the at least one leg is pivotably 2 connected to the seat cushion. (original) The seat assembly of claim 6 wherein the at least one leg is releasably 1 8. 2 connected to the at least one track. 1 9. (original) The seat assembly of claim 6 further comprising at least one second leg 2 connected to the seat cushion, the at least one second leg being disposed inboard in the vehicle 3 from the at least one leg. 1 (original) A seat assembly for a motor vehicle having a floor, the scat assembly 10. 2 comprising: 3 at least one track disposed generally laterally in the vehicle; a tub disposed at least partially in the floor; and

a seat cushion translatable on the at least one track to a position generally above

the tub, the seat cushion being stowable in the tub.
